SUMMARY

A Geomicrobiologist with degrees in Geoscience (Geobiology) and Microbiology. Specialization in aerobic and anaerobic cultivation of microorganisms using bioreactor techniques.

Lab: www.jogler.de

LinkedIn:

<https://www.linkedin.com/in/madeleine-kuendgen/>

Education

10 / 2022 – present

Friedrich-Schiller Universität Jena

Doctoral Researcher
CRC 1076 AquaDiva

Supervisors: Prof. Dr. Christian Jogler,
Dr. Martin Taubert

10 / 2020 – 09 / 2022

Friedrich-Schiller Universität Jena

M.Sc. Microbiology

Supervisors: Prof. Dr. Christian Jogler,
PD Dr. Torsten Schubert

10 / 2016 – 09 / 2020

**Ludwig-Maximilians-Universität München
Technische Universität München**

B.Sc. Geoscience (Geobiology)

Supervisor: Prof. Dr. Dirk Erpenbeck

Specialization

- Aerobic/Anaerobic Cultivation of Groundwater Planctomycetes
- Establishing/Maintaining Automated Bioreactors (Semi-CSTR)

Languages

German - Native

Englisch - C2

Spanish - A2
